

SBAR ENDORSEMENT AND HANDOVER COMMUNICATION

Name:		Job Number:		Rating: 		
Unit:		Job Title:				
Contract Date:						
Evaluation Key: M- Met NM- Not Met NA- Not Applicable		Method of Evaluation: Knowledge: Exam(Written/Oral) Skills: Demonstration/Discussion Attitude: Observation				
Rating Scale: Met: 90% - 100% Not Met: 89% & below and remedial once NA-(Not applicable) – entries to be deducted from the total score						
COMPETENCIES				EVALUATOR ASSESSMENT		
				M (1)	NM (0)	NA
I.	KNOWLEDGE					
1.	Explain the rationale for a standardized method which facilitates the effective and efficient communication of appropriate patient information between clinical staff involved with the care a patient.					
2.	Explore the transitioning of care i.e. when there is a change of responsibility and authority.					
3.	Explain what it means to have patients of concern i.e. patients handed over in accordance with their severity and clinical risk, as determined by the treating healthcare practitioner.					
4.	Discuss effective communication i.e. reduces errors and improves patient safety, timely, accurate, complete and not vague. The information is understood by recipient (clarifying questions must be asked to achieve this), limit interruptions during communication and use the standardized SBAR tool.					
5.	List the barriers to effective communication such as: people do not listen to each other, fatigue, cultural norms, multitasking, stress, physicians and nurses are trained to communicate differently and many nurses are uncomfortable giving patient care recommendations to physicians.					
6.	Discuss the components of SBAR Tool: S = Situation B = Background A = Assessment R = Recommendations					
7.	Explore the benefits of SBAR i.e. improved communication as helps everyone understand the overall picture, critical language is clear and not vague, situational awareness provides for an ongoing dialogue, planning and thinking ahead and patient safety is improved.					
8.	Explain how to document using the SBAR tool.					
II.	SKILLS					
1.	Demonstrates why a standardized method which facilitates the effective and efficient communication of appropriate patient information between clinical staff involved with the care of a patient is necessary in area of practice.					
2.	Show the transitioning of care i.e. when there is a change of responsibility and authority.					
3.	Demonstrate what it means to have patients of concern i.e. patients handed over in accordance with their severity and clinical risk, as determined by the treating healthcare practitioner.					
4.	Demonstrate effective communication i.e. reduces errors and improves patient safety, timely, accurate, complete and not vague. The information is understood by recipient (clarifying questions must be asked to achieve this), limit interruption during communication and use the standardized SBAR tool.					
5.	Show how to overcome the barriers to effective communication such as: people do not listen to each other, fatigue, cultural norms, multitasking, stress, physicians and nurses are trained to communicate differently and many nurses are uncomfortable giving patient care recommendations to physician.					
6.	Demonstrate the components of the SBAR tool: S = Situation B = Background A = Assessment R = Recommendation					
7.	Demonstrate how to document using the SBAR tool.					

COMPETENCIES		EVALUATOR ASSESSMENT		
		M (1)	NM (0)	NA
III.	ATTITUDE			
1.	Accept constrictive criticism as learning opportunity.			
2.	To be self-aware of limitation in knowledge and skills.			
3.	To be approachable and open to answer patient and family's questions relate to their care or endorsement and handover.			
4.	Attentive to overall patient experience e.g. pain. Anxiety and have ability to provide comfort and emotional support as needed.			
5.	Demonstrate ability to organize and facilitate a reflection session in and on practice after communication using the SBAR tool provides a learning opportunity and activate findings to improve future practice and response.			
	Raw Score			

Formula: $\frac{\text{Raw Score} \times 100\%}{\text{Total Score}} =$ % Rating
